Benefit of 2S For Our Mother Nature

18TH NOVEMBER 2011 | PRINCE HOTEL & RESIDENCE KUALA LUMPUR

Objective:

The 4th 2S Architectural Glass Seminar & Awards 2011 is all about Mother Nature. As we all know, Green Building development kicked started in developed countries, and gaining momentum in the developing countries like Thailand, Malaysia and even China. This year, we (architects and glass manufacturers) are focusing on what consists of a reliable, sustainable and climate friendly energy-efficient building. Our professional, yet experienced speakers will share their thoughts and ideas, aiming to create more awareness to save our Mother Nature.

KSG is a leading manufacturer in glass industry, would like to share the benefit of 2S with you. "Saving" - to create an energy saving environment in order to sustain and

improve the quality of human life. In short, "Save" also means achieving sustainability via energy efficiency. "Safety" - to minimize the risk of injury by maximizing glass security.

2S Architectural Glass Seminar is designed to provide participants with the great opportunity to acquire more in depth knowledge of various topics. Participant may get more detailed information on advanced architectural glass application, enhanced energy performance in building & an idea to build up eco-friendly environment. Moreover, participating architects may also get CPD points after the seminar.

ARCHITECTS WILL BE ACCREDITED WITH CPD POINTS FOR PARTICIPATING IN THIS SEMINAR
